InTraLog SA Car Logistics represents the highest quality and most reliable luxury car transport company in Switzerland. Intralog SA meets all car shipping needs of individuals, dealers and manufacturers, both domestically and internationally.

Service of Excellence

At InTraLog Car Logistics we offer our customers a full service. Our highly motivated, professional and courteous staff are always ready to assist you with all your specific requirements of car logistics. You will receive prompt and expeditious service from start to completion of your transaction. Our services offers you highest quality to assure safe transport of your vehicles.

Secrecy?
You may count on our strictest confidence!

*Flexibility at InTraLog means....
Our corporate dispatch in Geneva and in Basel,
provides 24-hour, 7-day coverage to assist in your
transportation requirements.*

We use covered trucks and trailers.

Our covered trailers provide the ultimate in protection for any kind of vehicle you may have to minimize the risk of:

- Underframe damage (from the chains used)
- Soiling and scratching through rain, salt, hail, rocks, snow, mud and more
- Vandalism (your car is exposed to a very high risk).

Utilizing the best equipment and "state of the art" communication and tracking systems, our highly trained, experienced drivers have the skills to properly take care of your vehicle, and ensure it's a safe on time delivery.

All equipment provide air ride transportation and covered trailers have hydraulic lift gate service to ensure no underframe damage or driveline strain.

Our open transporters offer an additional option to our customers while maintaining the same high quality service.

We can arrange shipping of your vehicle by Sea freight or Airfreight to and from worldwide destinations.

Our Airfreight department aim to offer best solutions to time sensitive requirements. Sending vehicles by Airfreight needs special knowledge and professionalism. We have these qualities and more to ensure a first class service by experienced personnel.

Seafreight Shipping of Cars

Shipment is made by container or on a car carrier vessel (Ro-Ro). If shipped in container, vehicles are loaded in weather-proofed, sealed steel containers.

Our team of professionals take care that vehicles are prepared for a longer journey even under nasty weather conditions and are loaded and secured in an appropriate manner to ensure a safe transit and arrival at destination.

The correct securing methods are proved for each vehicle.

Additional Services
